

potion::add_potion

potion::dell_potion

potion::Set_new_number
_potion

```
graph LR; A[potion::add_potion] --> C[potion::Set_new_number_potion]; B[potion::dell_potion] --> C;
```

The diagram illustrates a relationship between three functions. On the left, two white rectangular boxes with black borders contain the text 'potion::add_potion' and 'potion::dell_potion'. On the right, a larger gray rectangular box with a black border contains the text 'potion::Set_new_number_potion'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'add_potion' and 'dell_potion' are associated with or point to 'Set_new_number_potion'.
